Destination Information

The City

Cancún is naturally divided into two distinctive districts, the famous Hotel Zone (Zona Hotelera) and the actual city of Cancún, known as Centró. The Hotel Zone, shaped like a narrow horseshoe and surrounded by 25 kilometers of pure white sandy beach, is linked to the city on the mainland via the four-lane Boulevard Kukulcán.

Do & See

Caring for four million tourists yearly, it's hard to understand this beautiful resort was a sleepy fishing village just a few decades ago. Cancún is best known as a family, sporting and wedding resort where you can chose your own pace and lifestyle to suit your frame of mind.
